Footprints to the Future

The birth of a child is a profound experience.

Newton-Wellesley Hospital delivers individualized compassionate care—birth by birth, family by family. NWH offers a unique way to celebrate your happy occasion in a truly memorable and permanent way.

Our program “Footprints to the Future” is located in our Maternity Department. Adorning the walls of this area is a special display wall commemorating each baby’s name and year of birth. All donations to this program support the ongoing programs in the Maternity Department.

Thank you for supporting our work!

Footprints Order Form
